VB5446M – ENGINE UNIT WITH DOUBLE OVERHEAD CAMSHAFT (DOHC) AND TOOTHED TIMING BELT 16 VALVES (on stand with wheels) – manual

This is our new 16 valves version of our current VB5445M

Photo not yet available

VB7450M - 2 STROKE PETROL ENGINE (on base) – manual → NEW DESIGN!

This model has the same technical specifications but the design is now as below:

VB9211M - INSTRUCTION MODEL TURBO JET - manual → substitute for the VB9210E no more produced

This model clearly shows the construction of a modern jet turbine. The compressor, the combustion, the combustion chambers and the turbines are readily recognisable and their operation explained.
